**Template Facebook Post**

Your health and well-being are our highest priority. At all times, we take the highest level of precautions to prevent the spread of infection, including the new coronavirus. You can learn more about these protocols, as well as how you can help keep yourself and those around you healthy, from the American Dental Association’s website at mouthhealthy.org/virus.

Please contact our office if you have any questions about your upcoming appointment or oral health needs. If you have an upcoming appointment, we ask you to please read communications or answer calls from our office regarding the most up-to-date information and protocols surrounding your appointment.

We will continue to closely monitor updates from the CDC, the American Dental Association, and the World Health Organization. If there are any changes to our procedures or appointments, we will update our patients immediately.
