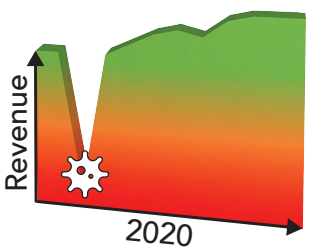
Dental Revenue Recovery Plan

Every dentist has been affected by COVID-19.

In our ongoing commitment to our state association partners, iCoreConnect is making our dental revenue experts available directly to members.



During this time, we invite you to schedule a **free**, half-hour Revenue Recovery planning session.

We can work with you to:

- Analyze lost revenue due to virus closures and disruptions
- Identify "low-hanging" revenue opportunities
- Demonstrate a high-efficiency method for handling increased demands on staff during the upcoming recovery period
- Prepare for future, unexpected events

Partner association members, book your **free, live half-hour consultation**:

- iCoreConnect.com/recovery
- 888.810.7706, option 1
- recovery@iCoreConnect.com
