

MEMBER SPOTLIGHT

DR. KEN CHENG

DULUTH DENTAL GROUP
NORTHERN DISTRICT DENTAL SOCIETY

Dr. Ken Cheng earned his DDS from Columbia University and his engineering degree from Georgia Tech. Before transitioning to dentistry, he worked as a Biomedical Engineer in the medical devices and pharmaceutical industries. He and his wife, Dr. Chen Chen, co-own several general dental practices in Atlanta.

1. FUN FACT

Dr. Cheng is a self proclaimed "dental CE junkie" who has taken courses nationwide with experts like Dr. Gordon J. Christensen, Spear, Pankey, and Dawson, and even brings his kids to dental events!

2. FAVORITE GDA BENEFIT

Strong advocacy for general dentists in private practice, helping preserve autonomy and quality care.

3. DENTAL GAME CHANGER

Digital workflow including intra-oral scanners and CBCT

4. BEST ADVICE FOR A DENTAL STUDENT

"Stay curious and keep learning—dentistry is always evolving. Develop strong communication skills, as building trust with patients is key. Get involved with organized dentistry from the outset of your career."

5. SURPRISES IN FIRST YEARS OF PRACTICE?

Managing the business side—scheduling, billing, and patient communications—was more involved than expected.

6. FLYING TO...

Another dental CE opportunity!

Most likely

Hitting the pickleball courts, enjoying a round of golf, or hitting the slopes for some skiing

Inspired by

The challenge of understanding the intricate mechanics of the human mouth
