

MEMBER SPOTLIGHT

DR. NARISA CRAMER

NORTH COBB ENDODONTICS
NORTHWESTERN DISTRICT DENTAL SOCIETY

Dr. Narisa Cramer is an endodontist at North Cobb Endodontics. She earned her doctorate degree in dental medicine at the Medical College of Georgia. After 16 years of practicing as a general dentist, Dr. Cramer completed her endodontics residency at Georgia Health Sciences University in Augusta.

1. FUN FACT

Dr. Cramer was born in Bangkok, Thailand, and moved to Texas after her mother accepted a nursing position. Shortly after, her family moved to Thomaston, GA, where she grew up.

2. FAVORITE GDA BENEFIT

Being a part of a supportive community!

3. DENTAL GAME CHANGER

3D imaging and a surgical operating microscope

4. BEST ADVICE FOR A DENTAL STUDENT

"Keep an open mind. Stay active in the dental community, both professionally and personally, or become active once you graduate. Don't forget that you have a personal life and a professional life!"

5. SURPRISES IN FIRST YEARS OF PRACTICE?

Trying to figure out what the best path for her would be.

6. DID SOMEONE INSPIRE OR MENTOR YOU?

"I had the privilege of externing with Dr. Karyn Stockwell early in my career. She's played a significant role in Georgia dentistry, and her influence motivated me to get involved. I don't think I would have been such a big part of the GDA and dentistry in Georgia if I hadn't met her so early on in my career. So thank you, Dr. Stockwell!"

How do you decompress?

Adult legos or trapshooting (clay target shooting)!

Flying to

Thailand
